Dear Sir or Madam:

Thank you for choosing our Practice to serve you. Please fill out the enclosed paperwork completely and bring to your upcoming appointment. Keep in mind that the **NEW healthcare laws** now require that we collect some information that is different from what was collected in the past. Please complete ***review of systems, medical history with the complete medication name, mg./dosage, how often taking, and reason for taking the medication. Please also list the surgeries you have had, what body part and the surgeon (if possible).***

Also, please bring your ***insurance card(s), Driver's License or Photo ID and any Co-Pay (due at time of service prior to seeing the physician).*** Be sure to bring a **CD** with your radiology scans (can be obtained from the facility where your MRI, CT, X-ray, etc. were done).

The requested information and items are necessary for us to provide you with a smooth and efficient experience as well as ensuring proper diagnosis and treatment. We are looking forward to starting or to continue being your care team.

Your Physicians and Staff
Neurosurgical Specialists, Inc.
